Hometown Baseball

Sporting a roster of 28, the Haymarket Senators are well into their season. The Senators, part of the Valley Baseball League, are now under the ownership of Scott & Jayme Newell and Bernie & Robin Schaffler. Home games are played at Battlefield High School, located at 15000 Graduation Drive, just off Route 15, across from the entrance to the Dominion Valley community through July 27.

For great family fun, close to home, visit the Senators at a home game this season.

Police Department

The Haymarket Police Department is seeking volunteers to help start a Volunteers in Police Services (V. I. P. S) Program, where agencies are designed and staffed to maximize Law Enforcement services to the community, there is always more to be done. Volunteers allow Law Enforcement Officers to focus on Policing and Enforcement functions by providing supplemental and/or support services. By investing in the program and becoming a volunteer, you can help the Haymarket Police Department fulfill their primary functions and provide services that might not otherwise be offered. Volunteers can help provide services that the public wants, but that sworn personnel do not have the time to furnish. These services may include fingerprinting of children or adults, checking on home-bound residents, or checking the security of residents' homes while they are vacationing or out of town for other reasons. Volunteers can also enhance Law Enforcement – Community relations.

If this sounds like something you would be interested in and you would like to be an Ambassador of good will to help your community and support your local Law Enforcement, please sign up today. You can sign up at the Police Department at 14710 Washington Street, Haymarket, and you can learn more about the V.I.P.S. Program by visiting their web-site at www.policevolunteers.org. This is a wonderful program and has had tremendous success in communities around the country. We sincerely hope that we can add our community to those success stories.

From the Town Manager's Desk

The Town Hall building suffered a flood in May during one of the heavy rainstorms. During the clean-up of the building, the Town administrative offices were moved to the Police Department building at the Harrover property. Although a bit crowded, the Town Hall and Police staffs are working well together.

The sale of the Town Hall property is now tentatively scheduled for closing in the August/September time frame. We are moving forward with the renovation of the second Harrover house as the new Town Hall. The Town administrative offices will remain at the Police Department until the renovation is complete.

We invite you to stop by the Police Department to conduct your town business or to meet with any of the staff.

The Town Council, Planning Commission and Architectural Review Board will continue to meet at the Town Hall Building. We also invite you to attend any of these meetings to see the Town Government in action.

I want to welcome our two new Council Members: Susan Edwards and David Leake. Both took office on July 1 and have been working diligently at their new jobs.

A special "welcome back" to John Cole. John also took office as a council member in July and will assume the duties of Vice Mayor. We are very happy to have him back from Iraq!
